Will

One ship drives east, and another west

With the self-same winds that blow;

'Tis the set of the sails

And not the gales,

Which decide the way to go.

Like the winds of the sea are the ways

of fate:

As the voyage along through life;

'Tis the will of the soul

That decides the goal,

And not the calm or the strife.

This year's Junior Class showed a lot of spirit. They took first in the Home Coming skit and sign. They made signs for most games and won a lot of them from the originality.

The Class of '74 will be back next year to show Tolt what SPIRIT is all about.

A.S.B. Officers

Student Council this year was certainly an experience for anyone who belonged. A variety of things were discussed and acted upon. Constitution changes and the usual routine were taken care of. Then, there were some long but interesting discussions that took place and some well thought out decisions carried out. Some of the things acted upon were backing the school levy, and a smokers lounge. It was a good year.

Everyone did an excellent job but we couldn't have done it without our faithful supervisor, Mr. Richard Gibbs.

Annual is exciting!!

Our advisor is always around when we need him.

Us workers.....

Our editor is very inspiring.

The editor and advisor must work close together.

Homecoming

HOMECOMING was very spiritful this year. Pep week started out the five days of festivities. All the classes worked very hard in preparing their special floats, skits, signs, and decoration. The floats were all original but the Tolt Bowl was the best which the Sophomores won. The Juniors won the sign and skit contests. The mighty Seniors this year won the spirit competition and were also in charge of organizing the dance for the school. Everyone had worked very hard for this year's Homecoming to be a complete success . . . and it was.

IN MEMORIAM

Patrick R. Gilmore

Can you recall, dear comrade, when we tramped God's
land together,
And we sang the old, old Earth-song, for our youth was
very sweet;
When we drank and fought and lusted, as we mocked at tie
and tether,
Along the road to Anywhere, the wide world at
our feet --

Along the road to Anywhere, when each day had
its story;
When time was yet our vassal, and life's just was
still unstale;
When peace unfathomed filled our hearts as, bathed in
amber glory,
Along the road to Anywhere we watched the
sunsets pale?

Alas! the road to Anywhere is pitfalled
with disaster;
There's hunger, want, and weariness, yet O we
loved it so!
As on we tramped exultantly, and no man was
our master.
And no man guessed what dreams were ours, as, swinging
heel and toe.

We tramped the road to Anywhere, the magic road
to Anywhere,
The tragic road to Anywhere, such dear,
dim years ago.
